

CARRANZA TO RELEASE U. S. SOLDIERS

TROOPERS SHOULD REACH JUAREZ THIS MORNING

COMPLIANCE WITH DEMAND AVERTS IMMEDIATE BREAK

No Decision on Whether Wilson Will Lay Crisis Before Congress Will Be Made Until Carranza's Reply is Received—Preparations of United States for War Will Go Steadily Forward.

EL PASO, Texas, June 28.—President Wilson's peremptory demand on General Carranza for the release of the American prisoners held in Chihuahua prison today met with compliance.

Remove Troopers From Prison.
Late this afternoon it was announced from the commandancia in Juarez that a message had been transmitted over the Mexican telegraph which stated that the twenty three negroes of the Tenth Cavalry captured at Carrizal, with Lem H. Spillsbury, Mormon scout, had been removed from prison.

The message added that the men with their guns and accoutrements under heavy guard had been placed on a Mexican Central train bound for Juarez where they are expected to arrive tomorrow morning.

The telegram conveying this news was addressed to General George Bell, Jr., commander of the El Paso base. It was signed by General Jacinto Trevino, commander of the Mexican military district of the north-east, whose headquarters are at Chihuahua City.

General Bell, in keeping with his custom of maintaining close secrecy regarding all military developments, refused to say whether or not he had received the message. He said that all announcements must come from General Funston at San Antonio.

On receipt of word that General Funston had given out the contents of the message he said that no escort would be sent to meet the prisoners in the morning but that an officer would be designated to take command of them and lead them to Fort Bliss.

Mexican Officials Happy.

Mexican officials tonight were happy over the turn in events. They declared that this would mean a lessening of the tension of the last few days.

General Francisco Gonzales, Juarez commander and Andres Garcia, Mexican consul at El Paso, both declared themselves optimistic of the future.

"This shows that we don't want war unless it is forced upon us," said Mr. Garcia.

It is expected that the arriving prisoners will form happy party. Accounts received at the border have been to the effect that the dusky troopers were a gloomy lot on their way to Chihuahua City. Only today a despatch from that city quoted one of the prisoners as saying:

"If we ever get back to God's country we don't want to leave there no more."

Consul Garcia was trying tonight to get fuller details of the release and the exact hour the troopers will arrive here.

Averts Immediate Break
Washington, June 28.—An immediate break between the United States and the de facto government of Mexico has been averted by compliance with the American demand for release of the 23 troopers captured in the fight at Carrizal.

Whether a state of war has been prevented or merely postponed no one here would attempt to say today.

Official Information Lacking
Official information as to the attitude of General Carranza was lacking. Until his response to Secretary Lansing's note, dispatched Sunday, making two peremptory and distinct demands is received there will be no decision on whether President Wilson shall lay the crisis before congress.

News of the release of the prisoners, received early tonight in press despatches, brought undisguised relief to high officials. It was accepted as correct, although no announcement had come thru official sources. Moreover, it was assumed that Carranza, impressed with the urgency of the situation, had ordered the captured cavalrmen started for the border without waiting for his announcement of the action to reach Washington.

While it generally is conceded that this move lessens tension and makes the crisis less imminent, no one losing sight of the fact that the all-important question of Carranza's attitude toward the American expedition across the border to protect the territory and citizens of the United States from outrages remains unsettled.

If the de facto government stands upon the orders to General Trevino to attack Pershing's men when they move otherwise than toward the border, the situation actually is just what it was before, except that there now is a possibility of diplomatic negotiation that did not exist while the Americans were held prisoner at Chihuahua.

The preparations of the United States for war will go steadily forward. There will be no interruption of the rush of national guardsmen to the border and General Funston will continue disposing of the forces under his command as he expected an immediate attack from the Mexicans.

The fact that Carranza has complied with one of the demands is accepted by the more optimistic officials here as an indication that he is striving to prevent a break. Even though he again should attempt to throw all blame for the Carrizal fight upon the American officers and insist upon his right to forcibly oppose any except northward movements of American troops, it is thought that possibly he will state his position in such a way as to make further discussion necessary.

Discuss Possibility of Mediation

During any negotiations, however, the United States will insist upon freedom of movement of troops in Mexico and an attempt to interfere with them will be met by such force as is necessary. This will apply too to any period of delay occasioned by attempts to arrange mediation or arbitration. The possibility of Latin-American offers of mediation in the crisis again was widely discussed tonight. Ignacio Calderon, minister from Bolivia will make a second call upon Secretary Lansing tomorrow to discuss the subject. He will endeavor to ascertain for the benefit of himself and his colleagues whether a tender of good offices by the South and Central American republics would be entertained at this time. The minister said after his first conference with Secretary Lansing on Monday that he understood the United States to be unwilling to even discuss the subject of mediation or arbitration while the captured American troopers remained in custody. It is known that powerful influences have been brought to bear on Carranza in the past few days to make him at least turn over the American prisoners.

Scout Warning to Carranza
Sent Mexican Mexicans in the United States as well as American bankers and business interests with influence in Mexican affairs have flooded the first chief with messages. They all sent him the same warning—that the United States government meant business and that to hold the prisoners would mean war.

Secretary Baker waited at the war department until late tonight for a report from General Funston on General Trevino's announcement that he had sent the cavalrmen to Juarez to be set free. He finally went home without the report. President Wilson and Secretary Lansing also retired without hearing of the news except thru newspaper correspondents.

The president now expects to fill an engagement which he almost had decided to cancel to address the Associated Advertising Clubs of the World in convention at Philadelphia tomorrow afternoon. Unless the note from Carranza which should arrive early tomorrow is of such a nature as to change his plans, he will leave for Philadelphia at noon.

The last word from Special Agent Rodgers at Mexico City, a message dated yesterday and received early today, said he expected to be handed the note today. He gave no intimation of what might be its contents.

Has Not Studied Communication.
Secretary Lansing had not studied today the trio of communications submitted to the department within the last twenty four hours by Eliseo Arredondo, Mexican ambassador-designate. They protest against the alleged actions of a large column of General Pershing's men toward Mexican citizens, against the arrest of other Mexicans in the United States and against the general embargo of

FIRST 'LL. INFANTRY LEAVES FOR BORDER

SECOND AND THIRD INFANTRY REGIMENTS WILL FOLLOW TODAY

First Cavalry, First Battalion of Field Artillery, the Signal Corps and the Field Hospital Companies Will Depart Friday or Saturday.

BULLETIN.

QUINCY, Ill., June 28.—Word was received at headquarters of the Fifth Regiment here tonight that Adjutant General Frank Dickson had ordered Companies C and E of the regiment to be inspected at once and the regiment mobilized in Springfield as soon as the present occupants leave. The regiment is expected to be in Springfield by next Tuesday evening.

Companies C and E have never been inspected and officially mustered into the regiment and it is said that because the regiment was two companies short, it was not included in the first call.

Springfield, Ill., June 28.—The first infantry regiment of the Illinois National Guard, 1,200 strong and fairly well equipped for field service, pulled out of Camp Dunne tonight for service on the Mexican border amid the cheers of five other envious regiments and the sobs here and there of a mother or sweet-heart.

This will be followed tomorrow by the second infantry and tomorrow night by the third and the complete staff of the first brigade comprised of these three regiments. The first cavalry, the first battalion of the field artillery, the signal corps and the field hospital companies will depart Friday or Saturday.

Approximately sixty men of the First Infantry were rejected during the physical examination by federal army officers, but the regiment took along almost an equal number of new recruits who will be examined at the concentration camp on the border. Each of the other regiments will leave with approximately 1,150 enlisted men and 55 officers.

Over the left shoulder of every member of the first as he boarded the train hung fifty pounds of equipment and on his right shoulder was a ten or twelve pound rifle. Bayonet, automatic pistol and a box of bullets completed his ordnance outfit. Each man carried a "shelter half" of two of which form a "pap-tent," a blanket, a complete suit of woolen clothing, a rainproof, a swing kit, a mess-kit and a rather complete toilet outfit. The front rank men carried entrenching shovels. An overcoat for every man was taken along in the baggage cars. The men departed in sleepers over the Chicago & Alton, the first section leaving at nine o'clock and another at 9:30 and the last at 10 o'clock.

The first guard unit to the border had not yet departed today when informal discussion was already underway among state and federal army officers concerning the advisability of making Camp Dunne a permanent mobilization camp for volunteers, in case there should be any call for such troops in the near future.

This discussion was stimulated by the arrival in camp of Colonel George K. Hunter, U. S. A., assigned as inspector general to the central department. Accompanied by Lieutenant Colonel E. M. Lewis, chief mustering officer here, Colonel Hunter made a detailed inspection of the facilities for training, mustering, equipping and examining troops. One of the federal mustering officers said he expected a call for volunteers within a week.

Governor Dunne visited the camp to bid the first regiment good bye and was cheered by every other regiment in camp. As soon as the president calls for a third brigade of Illinois troops the governor said he would order the mobilization of the fifth and sixth infantry regiments and would call for one regiment of volunteers.

Thruout the long march from the barracks to the train the First Infantry band played a medley in which tunes from Swanee River, My Old Kentucky Home and similar songs predominated.

Reject Only Two Lieutenants.

At Camp Lincoln the mustering routine was interrupted by a new controversy involving A. Battery, which came into prominence by developing from a definite organization of 44 men to a battery of 171 men, maximum war strength within two days. Yesterday it was reported that all the officers of the battery with the exception of Curtis G. Redden, captain and re-organizer, would be rejected by the mustering officer because of alleged physical disability, but today Captain Redden and the mustering officer compromised and only Lieutenant Coles Starkey and one Lieutenant were rejected. Over the protests of many members of the battery two of these officers were replaced by Lieutenants Thomas

War News Summarized

Gains of additional ground by the Italians from the Austrians, by the French from the Germans northeast of Verdun and by the Germans from the Russians in Volhynia are chronicled in the latest official communications issued by the Italian, French and Austrian war offices. In addition it is stated that the Austrians are still holding back the wings of the Russian army which is endeavoring to drive past Kut, Bukovina, with Kolomea as its objective.

In the Trentino region Italians continue to force back the Austrians along almost the entire front, having made progress at various points in the region between the Adige and Brenta rivers, in the Lagarina and Arsa valleys, between Posina and Adige rivers and along the upper Butte river. Northeast of Verdun the French have recaptured more ground from the Germans north of Hill 321 and around the Thlatmont work. Northwest of Verdun, the Germans carried out a heavy bombardment against the Avocourt and Chateau sectors but were prevented from launching an infantry attack from the east of Hill 304 by the effectiveness of the French artillery fire.

In Champagne the Germans occupied French positions near Tahure, but were later driven out.

On the British front the expected offensive by King George's men apparently has not begun, but they are carrying out at various points successful raids on German positions and bombarding heavily from the region of Labasse canal to the south of the Somme. In the latter region small British attacks were put down by the Germans according to Berlin.

Continuing their counter-offensive against the Russians in Volhynia the Germans have captured the village of Linewka, to the west of Sokul and also have taken by storm positions to the south of the village. Vienna reports that further Russian attacks near Kut in Bukovina have been repulsed by Austrian forces.

Between the Vardar river and Lake Doiran on the Greek-Serbian border artillery duels are taking place.

ONE U. S. SOLDIER IS KILLED IN FIGHT SANTO DOMINGO REBELS

WASHINGTON, June 28.—One American soldier was killed and another injured in an engagement reported today by Rear Admiral Caperton between United States marines and Santo Domingo rebels. The rebel losses are not given.

The name of the marine killed was given as Private John Acrimont of the 27th company. Albert Vi-ldum, a private of the 27th, was wounded.

Admiral Caperton's report said the engagement was fought yesterday morning. The rebels were found in force entrenched in a strong natural position in two lines of trenches about 16 miles from Monte Christie. They were dislodged by assault after an artillery fire.

SENATOR HULL TO SEEK G. O. P. NOMINATION FOR GOVERNOR

CHICAGO, June 28.—State Senator Morton D. Hull of Chicago today announced he would be a candidate for the Republican nomination for governor. He will have the support in the primaries of the faction led by former Governor Charles S. Deneen and many Progressives. He was selected as the candidate of the Deneen faction at a conference of Republican leaders which included Charles S. Deneen, Roy O. West, ten ward committeemen and several representatives of downstate counties. The Deneen faction expects to put a full state slate in the field and to begin an active campaign within two weeks. Senator Hull it is said will speak in every county of the state. Hugh Magill was mentioned as a possible candidate for Lieutenant Governor of the Deneen slate.

BOY THROWS FIVE YEAR OLD SISTER INTO FLAMES OF BURNING KEROSENE

DECATUR, Ill., June 28.—Mary Wiley, aged five, is in a dying condition from burns caused when her brother Francis, aged eight, threw her into the flames of burning kerosene at their home in Cerro Gordo, east of Decatur today. The boy suffered a fractured skull when two years old and has been considered mentally unsound since. The five Wiley children were left alone in the home when the mother was called to a neighbor's house and the child was rescued by George Moore who heard her screams. Pay Wiley, father of the child is a blacksmith and is employed in Springfield, when an effort was being made to find him tonight.

NEGRO IS STABBED TO DEATH

Kankakee, Ill., June 28.—Doner Jordan, a negro, was stabbed to death today by Reuben LaFlare, also colored, at Clifton. LaFlare said he stabbed Jordan who was his room mate by mistake for another negro with whom he had had trouble over a crap game. LaFlare was taken to the Waukegan jail.

ORPET SUSTAINS ORDEAL BETTER

Makes No Admissions at Variance With Those Attorney Brought Out

IN TWO BAD SPOTS

First Trap Has to Do With White Powder Marks Orpet Said He Saw on Marion's Hand

RESUME TESTIMONY TODAY

WAUKEGAN, Ill., June 28.—Will H. Orpet was in two bad spots during cross-examination today but in general he sustained the ordeal much better than yesterday and made no admissions at variance with those brought out by his own attorney on direct examination.

The first trap set by Attorney David R. Joslyn of the prosecution had to do with the white powder marks which Orpet testified yesterday he observed on the right hand of Marion Lambert, with whose murder by potassium cyanide poisoning he is charged.

Noticed Powder on Hand.
He testified previously that when he turned back in Helm's woods and saw Marion in her dying throes in the snow, he knelt down by her and called to her. Her right hand, he said, was bare and partly closed, he opened it a little and noticed the powder in the lines of her hand.

Mr. Joslyn for some time today had been leading him snailily, inch by inch and minute by minute on his trip from Madison, Wis., where he was attending the University of Wisconsin, to Lake Forest, into and about the woods with Marion and to the death scene. His tone was sympathetic and his phraseology apparently helpful.

Then he began firing questions with great rapidity as to the position of the body, the state of the clothing, and the like. In the midst of these his manner changed and he asked suddenly:

"And was her hand bare or gloved?"

"The pallid witness, worn with hours of minute questioning hesitated.

"I don't just remember—I think it was bare—no I remember it was gloved."

Witness Recovers Himself.
His head dropped and Mr. Joslyn plunged away from the subject, and was midway in another question when the witness recovered himself.

"No, I am sure her hand was bare—I am sure now—yes it was bare," he gasped.

The prosecutor turned on him with a snarl.

"Yes, you are sure it was bare because now you remember that you saw yesterday that you saw the white powder in the lines of her hands. What did it look like to you, anyway, powder or crystals?"

"Crystals," said the young man slowly, "of my own judgment I would say crystals."

It is the contention of his attorneys that Marion committed suicide by taking the poison in a powder so fine that snow melting in her hand or moisture gathering on it in a hot room while the body was cold would have acted on it the same as if it had been in a solution of two parts water. It is held by the defense that Marion brought the powder to the woods in a bit of paper which disappeared naturally in wind and rain. The state brought out thru expert witnesses that the poison was administered in liquid form, and that, as no container—alleged to have been a two ounce bottle—was ever found, Orpet made way with it.

Yesterday Orpet testified that a sort of mental fog dazed him when he realized that Marion was dead, his previous fear that his truancy from school would be discovered was lost in sheer terror at the tragedy. He rushed from the woods.

Orpet Repeats Story.
Today Mr. Joslyn questioned him minutely as to every detail of his journey afoot to a railroad station. He repeated his story to the effect that he came because he was worried about an illness of Marion's concerning which her friend Josephine Davis had written him; he thought he could comfort her, he said, meaning, he later explained dissolve her fears which he felt sure were groundless. He brought with him he said, a bottle of molasses and water which he intended she should think was medicine. She declined to take it and he thrust it

CONFEREES AGREE ON MILITIA DRAFT BILL

ELIMINATE ALL REFERENCE TO RELIEF FOR DEPENDENTS OF MEN

Relief Appropriations Will Be Taken Up in a Separate Measure Later—House Accepts Report Without a Dissenting Vote.

Washington, June 28.—Conferees of the senate and house agreed late today to eliminate all reference to relief for dependents of enlisted men from the pending resolution authorizing the president to draft national guardsmen into the federal service. Relief appropriations it was agreed would be taken up in a separate measure later.

The conference report immediately was brought up in the house and accepted without a dissenting vote. In submitting it Chairman Hay of the military committee announced that the house conferees had consented to elimination of the relief provision after Secretary Baker had telephoned to the capitol that he considered it imperative some sort of an agreement to be reached and the resolution be put thru immediately.

The conference report is expected to be accepted by the senate tomorrow.

The relief proposal would have carried an appropriation of \$1,000,000. Mr. Hay announced he would introduce the appropriation section tomorrow as a separate bill, and Speaker Clark said he would entertain a motion Monday for passage of the measure under a suspension of rules.

As finally agreed to, the resolution is in virtually the same form as drafted at the war department. It authorizes the president to use as federal soldiers all members of the national guard willing to take the required oath for federal service and permits consolidation of scattered and incomplete guard units. The resolution's greatest value in the eyes of army officials is its authorization to consolidate incomplete organizations of the guard. Under this power, it will be possible to move without delay every man who has responded to the president's call, except those not physically qualified to go.

MEXICAN TROOPS LOOT BUSINESS CONCERNS AND HOMES IN NOGALES

NOGALES, Ariz., June 28.—Mexican soldiers today looted numerous business concerns and homes in Nogales, Sonora, among other things a shipment of silver bullion valued at \$25,000 being taken from the Wells Fargo & Co., office. A local firm of bullion buyers made a demand upon the commandment for the silver and were informed it had been sent to Magdalena. Attempts to ship automobile accessories and clothing valued at \$100,000 across the frontier today failed when the American collector of customs, ruled that they were military equipment. He refused also to pass gasoline upon similar grounds.

VICE-PRESIDENT OF CLARINDA, IA, JANK COMMITTS SUICIDE

CLARINDA, Iowa, June 28.—H. R. Spry, vice-president of the Clarinda Trust & Savings Bank, shot and killed himself late today. His body was found three miles from here in a secluded spot to which he had driven in an automobile. The state bank examiner tonight arrested Guy Brent a book-keeper in the bank and placed him in jail. The state officials said a charge of embezzlement would be made against Brent who it is said had credited himself with \$4,000 of the bank's funds without authority of the bank officials.

The solvency of the bank, officials said, was not involved.

Mr. Spry according to his friends, worried over the alleged defection of young Brent, who was his personal friend as well as employee.

ASSERTS TAUSCHER WAS MADE INNOCENT TOOL OF VON PAPAN

NEW YORK, June 28.—That Captain Tauscher, former German army officer on trial charged with complicity in the alleged plot to blow up the Welland Canal in September, 1914, was made the innocent tool of Captain Franz Von Papan, recalled German military attache in the latter's "foolish desire to serve his country" was the gist of the defense outlined by Tauscher's counsel, Herbert C. Smythe today. It is expected Tauscher will go on the witness stand in his own behalf tomorrow.

Horst Von der Goltz, the man upon whose confession Tauscher, Wolf Vonigel and others were indicted was denounced by Tauscher's lawyer as a despicable scoundrel.

At the outbreak of the European war, Mr. Smythe said, Tauscher who was in Germany volunteered his services to his country, altho past the age limit. He was told to come to New York and report to Von Papan.

T. R. AND HUGHES IN COMPLETE ACCORD

Republican Nominee Makes Statement at End of Interview

MAY SPEAK FOR HUGHES

Colonel is Said to Have Promised to Co-operate With Hughes in Any of His Plans

TAFT WILLING TO SPEAK

NEW YORK, June 28.—Charles E. Hughes, Republican presidential nominee announced tonight at the end of an interview with Theodore Roosevelt which lasted for more than two hours and a half that he and the former president were in "complete accord."

Mr. Hughes issued the following statement:

"I was very much pleased with Colonel Roosevelt's letter of endorsement and he has expressed himself in a very kindly way with respect to my telegram to the Progressive committee. I wanted to talk with Colonel Roosevelt fully with respect to the issues of the campaign and asked him to dine with me so that we might have that opportunity. He dined with me tonight and we had a very delightful interview. We talked very fully over all matters and are in complete accord. The evening has been a very pleasant one."

It is understood that Colonel Roosevelt told Mr. Hughes he would co-operate heartily with him in any of his plans, even to the extent of making a speaking tour if Mr. Hughes so desired.

Colonel Roosevelt called upon Mr. Hughes at the nominee's invitation and they remained together for more than two and a half hours. A crowd had gathered in the lobby of the hotel where Mr. Hughes is staying when Colonel Roosevelt arrived. The former president lifted his hat and bowed, then hurried into an elevator which took him to Mr. Hughes' apartment, the parlor of which had been fitted up as a dining room.

Former president William H. Taft said tonight that he was willing to work side by side with Colonel Roosevelt to aid in the election of Mr. Hughes. Asked if he would be willing to speak from the same platform as Colonel Roosevelt, he said: "I am for Hughes. I would not let my personal feelings interfere. If such speaking arrangements were made I would act as a private in the ranks and obey orders."

FAMOUS WOMAN SWIMMER WEDS

Boston, Mass., June 28.—Miss Rose Pittino, holder of many world's records for long-distance swims, is to become the bride today of Dr. Frederick L. Weene of Sonerville, whose life she saved two years ago in the waters off Marblehead. At the age of 15 Miss Pittino leaped into the water to save a child from drowning. She swam 16 miles on the Thames river in England and won many titles from some of the world's best swimmers. With her marriage, the famous swimmer will give up all public exhibition swimming. She will, however, take an occasional swim of 12 or 15 miles, but only for exercise and her own enjoyment.

A NOTABLE ANNIVERSARY

Washington, D. C., June 28.—Two years ago today the Austrian Archduke Francis Ferdinand was assassinated by Pan-Serbian fanatics. This tragedy proved to be the match which should ignite a general European conflagration, the sparks from which have reached the remotest parts of the world. One month after the assassination Austria declared war against Serbia and then began in earnest the conflict which has encompassed all the principal nations of Europe and has now surpassed in magnitude any war the world has hitherto seen.

CHARLES E. HUGHES.

Carranza acted promptly in the return of the United States prisoners when the government definitely set the time limit. Had there been more directness and a few more "musts" in the past the present situation would not exist.

Working in Union

Republicans think it looks and reads mighty well in print—"Hughes and Roosevelt had a long conference today and everything was found to be mutually satisfactory." If the colonel ever had any but the most friendly feeling for Mr. Hughes, that must have been at a long forgotten date in the past, for they are now agreed on all subjects relating to national policies and principles of the Republican party. Colonel Roosevelt has expressed his willingness to make a speaking tour in behalf of the presidential nominee and will lend his support in every possible way. This announcement, which reads so well from the Republican standpoint, does not fall gratefully upon the ears of Democracy.

Honor's His Father's Memory

Former Lieut. Governor John E. Oglesby has set a good example by his offer to Governor Dunne to organize a regiment in Central Illinois for Mexican war service. Col. Oglesby is a Spanish war veteran and knows what the service would mean. He comes of fighting blood, for his father, former governor and U. S. Senator Richard J. Oglesby, was a lieutenant in the Mexican war and entered the war of the Rebellion as colonel of the 8th Illinois volunteers. He was almost fatally wounded in the battle of luka, Miss., and returned home a major general of volunteers. The younger Oglesby's offer, made with such promptness, shows that he is a patriot, as was his father before him.

Standardizing the Barrel

The measurement of every kind of barrel except the "pork barrel" has been fixed by the new federal law which will go into operation July 1. This is the first piece of sectional weight and measure legislation enacted by congress in a period of 125 years. The new law specifies that barrels used in the sale of fruits and vegetables must contain 7.055 cubic inches, which means 105 quarts or approximately 3 bushels. The dimensions of the barrel may differ, but they must have the proper cubical content. A fine of \$500 or imprisonment of six months are the penalties provided for violation of the law.

In the past a barrel has meant almost anything from 2 1/4 bushels up, and so many frauds were practiced that government action was urged and given. The laws in various states have from time to time

Rippling Rhymes

By WALT MASON

SOLEMN SANCTITY

Some pious men are on this earth, who think that any kind of birth is sacrilege or sin, and they would tumble from their perch if any one should enter church and wear a cheerful grin. So gloomy is their house of prayer, you'd almost think a corpse was there waiting for the hearse; all festive words their souls annoy, and they will squeak the signs of joy, with chapter and verse, "Serve Him with mirth, His praise foretell, I've heard the grand old anthem swell, all thru my passing years; but those who sing it sing as though his service meant the depths of woe, and misery and tears. Why make your creed a doleful thing? Why pull long faces when you sing, or grovel when you pray? Jehovah made this world so glad, he doesn't mean us to be sad thru-out our little stay. I do not often seek the kirk, because if ever smile or smirk my tollown features wore, a deacon'd drag me from my pew, and push me down the aisle and thru the large cathedral door.

given relief to the public from short weight in packages and sacks, but for general protection in barrel measure the national legislation was necessary.

Cardinal Gibbons' Anniversary

His eminence James Cardinal Gibbons, will tomorrow round out his fifty-fifth year as a priest of the Roman Catholic church and complete his thirtieth year as a cardinal. While the double anniversary is not to be observed with great formality, the eminent churchman will doubtless receive congratulations from his friends thruout the country. In the upbuilding of the faith in which he believes Cardinal Gibbons has been a most zealous worker, but he is credited with a broadmindedness which has given him a very large influence outside Catholic circles. He will soon be over eighty-two years of age and maintains in marked degree his marvelous vigor of intellect and body.

He has always lived simply and his long life, spent mainly in arduous mental work, is credited to the simplicity and carefulness with which he lives. Calm interpretation and cool judgment rather than great eloquence are the faculties from which his power has grown. His moderation is on a par with his broadmindedness, and thus the Cardinal Archbishop of Baltimore has gained his present position of vast influence. For years his utterances have been notable and he occupies a place in the public mind possibly not duplicated by that of any other churchman.

The High Price of Paper

A large city daily recently forced to pay 5c a pound for a hurry up shipment of paper when 2 1/4c was the price effective until a few months since, has announced that the mail subscription rate will be increased after July 15. Papers of the country, unless there is an early lowering of the paper market, must increase the charges for advertising or their subscription rates. The advances in price in the past six months have been such that if the present level is maintained a great many newspapers must go out of business entirely unless they are able to add largely to their revenue either from advertising or subscriptions.

The government has started an investigation as to the cause of the great increase in news print prices and evidence is being collected with a view to proving that there are no good reasons for the advances made. Paper manufacturers claim that the increased cost of dyestuffs and the high price of copper are responsible in a large measure for the increased paper prices. Copper wire is used quite extensively in paper making machinery.

The newspaper publishers are of one mind that the principal cause for the big advance in prices has been the ability of the manufacturers to get these prices, and they are anxiously waiting in the hope that the government investigation may bring some relief.

U. S. Ready To Buy Lumber

There is more building in Jacksonville today than has been the case for several years past, and a journey into all the wards of the city shows many new houses and others where the work has progressed no further than the foundations. There is a good chance of lumber prices showing an advance, for the government is said to be a prospective customer for 150,000,000 to 200,000,000 feet of lumber to be used in the construction of a plank highway into the interior of Mexico to serve as a means of transportation for supplies to the troops. This roadway is to be built if the trouble with Mexico comes, and developments have been such for weeks and days that those who have studied the situation at all feel that either war or intervention is inevitable.

Government engineers have drawn the specifications for the lumber needed for the proposed roadway, and the amount necessary would just about clean up the available supply in the lumber districts of the northern states. Negotiations have gone so far that the lumbermen are familiar with just the kind of material needed, are ready to begin shipment upon short notice and will accept as pay the price fixed by the federal trade commission. Not long since the commission finished an investigation of the lumber industry and so the battle as to the cost of production is at hand. The action of the lumber men in not quibbling about price is evidence of their confidence in the government as well as their patriotic interest in the present situation.

Making Citizens a Big Work.

The bureau of naturalization of the department of labor will today round out its first decade of constructive work under modern methods. The main line of activity has been the task of impressing upon foreigners their real duties as citizens of the United States. It is easy enough to go thru the formality of making a citizen, but to inspire the foreigner with a spirit of loyalty and a thorough understanding of what this country means is a different matter.

For many decades the nation did not realize the necessity of teaching the foreigner what citizenship means and the naturalization laws were frequently violated. Then after an investigation had been made there came an awakening, and the bureau was established. During ten years of its existence three million foreigners have asked for citizenship. There are today fifteen million foreigners in this country and that the larger portion of them retain allegiance to the country of their birth was shown at the outbreak of the European war. As a result of the bureau the formalities of securing the rights of citizenship are much more impressive than was formerly

true, and one large factor in the work has been the establishment in many cities of classes in connection with the public schools where foreigners learn something of the ideals and the privileges which belong to United States citizens of the right type.

When the end of the European war comes the work of the bureau will be greatly increased, for it is the common belief that millions of Europeans will almost immediately make preparations to change their residence to this country and thus escape from the military rule of Europe. Already plans have been considered and are under way to meet the conditions which will come with this stream of humanity. The work of the bureau is therefore growing constantly more important and carries with it an appeal for the earnest co-operation of all citizens.

RAILWAY COMPANY OBJECTIONS

TO PAVING ARE HEARD

Company Declares New Paving Should be Only Between Rails and Curb—Compromise Suggestion Not Satisfactory to City.

The hearing of the objections of the Jacksonville Railway & Light company to the proposed paving of East State street and South Main street occupied the entire day in the county court Wednesday before Judge Thomson. The work of securing a jury began as soon as court convened at 9 o'clock and shortly before noon the twelve necessary to try the case were secured. The jurors are Edward Cox, Leonard Day, Harry Carroll, D. S. Reese, John Salby, R. J. Farris, J. A. Crim, J. E. Curry, Thomas Gaitens, Dallas Crain, Charles Schurtz and Harry A. Dawson. Among the witnesses examined were W. B. Rogers, E. M. Henderson, W. N. Hairgrove, L. E. Fischer, Messrs. Bengie, Martin and Gilman.

The Company's Argument

The line of evidence presented and the questions asked by the attorneys for the Railway Company indicated that the company's claim is that the proposed paving would not be of any benefit whatever to the company. They object to paying assessments for the improvement because the railway lines with a new pavement will not make any greater return for the stockholders of the company than the road will produce in its present condition. Their suggestion was that if the city wishes to pave the streets, that the railway tracks should remain as they are and the paving done from rail to the curbing on each side. They insisted that the concrete foundation provided in the paving ordinance for the street railway right of way and the concrete between the ties would in reality make the railway property worth less than it is now because of the addition expense which would accrue when replacements of ties are necessary.

It was shown by witnesses that the specifications included in the ordinance for paving had been presented to the Light Company representatives before they were incorporated in the ordinance and that at that time the specifications had the approval of company officials as being in accord with the type of construction generally accounted as most satisfactory.

Compromise Offer Fails.

About the noon hour a conference between attorneys for the company and the city, and representatives of the city was held, when the company attorneys suggested a compromise. It was the company's offer to withdraw all paving objections if the city would ask the utilities commission to reopen the rate case and agree to accept the rate named by the commission after such reopening. The counter proposition was that the city would be willing to go on record that no appeal would be taken from the commission's finding if the company would agree to dismiss all paving objections and would also agree to accept the commission finding without an appeal. It was on this point that Mayor Rodgers and City Attorney Reeve insisted that if the city agreed not to appeal and to accept a new finding made by the commission, that agreement must also be binding upon the company. The company was willing to agree to accept a new rate if it was as high as the rates suggested by Mr. Fischer in his compromise offer. After arguing back and forth on these lines for nearly an hour the idea of a compromise was abandoned and the trial proceeded.

The Quo Warranto History.

It was the contention of the company that the city has no right to seek to levy an assessment against the company and at the same time contend that the company has no rights for the use of the streets. They declared that the city by the quo warranto proceeding instituted several years ago to oust the company from the streets affirmed that the company had no franchise rights, and that by this action the city in attempting to levy an assessment was therefore inconsistent.

The city submitted proof to show that the quo warranto proceedings were instituted not by the city but by William N. Hairgrove as an individual or as a representative of the attorney general of Illinois. The city had nothing to do with the bringing of the proceedings, was the declaration.

The company in addition to Mr. Fischer has a number of engineers here and as Mr. Green, the very able counsel for the Traction Company says, the case is seemingly to be fought to a finish.

Miss Nellie Day returned Wednesday from a St. Louis visit of several days. She made the trip by way of Springfield.

A PROTEST AGAINST WAR.

Editor The Journal:

After three years of waiting and
watching the powers at Washington
have found an excuse for the mili-
tary conquest of our sister country,
Mexico.

Some months ago President Wil-
son expressed the true sentiment of
America when he said "we are too
proud to fight."

We suppose now that some one
has quoted a verse in the Bible to
him and he now goes forth to do
battle for the Lord.

The excuse for war is that some
Mexican bandits (not Mexican sold-
iers or citizens) made raids across
the border and killed some Ameri-
can citizens.

The independent press of this
country a few weeks ago published
statement to the effect that Presi-
dent Wilson had warned certain Am-
erican capitalistic interests to re-
frain from their propaganda of arous-
ing murderous rage among border
Mexicans. These financial-industrial
pirates did not give any attention to
this request, so now we have the
"Mexican situation." These great fi-
nancial interests—the money power
of America; the owners of mines,
oil wells, timber and lands in Mexico
—have never lost any opportunity
thru their control of the channels of
publicity, to plot and lie in order to
bring about a war.

So now, if the United States
troops are not withdrawn from Mex-
ican territory, and the fight starts,
we shall look upon Wilson's "Ameri-
canism" as an undiluted Militarism
for the conquest of the whole west-
ern hemisphere.

A thousand American soldiers sta-
tioned at every town along the bor-
der could have averted all this dis-
turbance. But this has not been the
intention of the people who have
been fomenting the trouble. Inter-
vention, and eventually annexation
is the program of the "powers that
be," and the people of the United
States are falling into the trap.

There is no real sane reason for
war. The American people have no
quarrel with the people of Mexico.
Their interests are alike. To fight
and kill each other will be criminal
and the most foolish thing that they
can do.

Let all peace loving and law
abiding people declare at once for a
patriotism of human love, with spe-
cial emphasis upon kind regards to
the people of the new Constitutional
government of Mexico.

For these expressions of patriot-
ism and protest we may be hailed
before a military tribunal and se-
verely reprimanded, but nevertheless
we will continue to take every op-
portunity to strike down the beast
of militarism as it parades before us
in its clothing of "preparedness"
and other soft phrases.

Down with war and anarchy!
Up with peace and good will.
—Fred Zumwalt, Jacksonville, Ill.

MOVIE ACTOR DROWNS.
A newspaper dispatch from Her-
mosa Beach, Cal., tells of the drown-
ing of a movie actor, a moving
picture actor. With several others
he drove from Los Angeles in an
automobile. After swimming out for
some distance from the shore Pet-
ers was caught in the rip tide and
suddenly disappeared. He was not
missed for several minutes but a
little later the body was found
floating out to sea nearly 100 yards
from the shore. The dead actor,
who had been connected with well
known moving picture studios, was
a brother of Dr. Peters, at one time
a member of the staff of Jacksonville
State Hospital.

NEGRO MILITIAMAN KILLS SPRINGFIELD POLICEMAN

SPRINGFIELD, Ill., June 28.—An unidentified negro militiaman shot and killed Frank J. Crowley, a policeman, in the black belt here tonight. The assailant made his escape.

Officer Crowley was shot thru the heart when he stopped the negro to ask if he had taken in an altercation following a crap game.

A cap worn by militiaman was found after the negro escaped. Orders were issued to camp authorities to hold all colored women who came into Camp Dunne after the shooting took place.

MEXICAN TROOPS APPEAR SOUTH OF AMERICAN LINE

At Front with American Expeditionary Force, June 28.—via radio to Columbus, N. M.—Carranzista troops are appearing south of the American line but at no point are they sufficiently close to cause fear of a clash. This is the gist of a report brought in today by John C. Hayes, manager of the Hearst ranch, one of the largest American-owned properties in Mexico. Hayes brought a large bunch of horses with him. He said he was leaving the property.

CRIPPLE WANTED TO ENLIST

Chicago, June 8.—A man whose right leg was wooden, stumped into the recruiting offices of Batteries D and E here yesterday.

REQUESTS PROMPT APOLOGY.

Washington, June 28.—The American rejoinder to Austria regarding the Austrian submarine attack on the American Steamer Petrolite made public today by the state department, describes the act as "a deliberate insult to the flag of the United States and an invasion of the rights of American citizens" and request prompt apology, punishment of the submarine commander and payment of indemnity.

MEXICANS FIRE ON OUTPOST.

Brownsville, Texas, June 28.—A military outpost stationed at an irrigation plant two miles west of Brownsville was fired on by two Mexicans at mid-night tonight. The Americans returned the fire fifteen or twenty shots being exchanged. The two Mexicans who fled were not followed, the outpost expecting a heavier attack and awaited assistance. It is not known if the attackers were wounded. None of the Americans were hit.

MONMOUTH BATTLE

Freehold, N. J., June 28.—A tablet to commemorate the Revolutionary battle of Monmouth was unveiled at St. Peter's Episcopal church today, on the 138th anniversary of the battle. The unveiling was accompanied by interesting ceremonies. The tablet bears the following inscription:

"To commemorate the use of this church for soldiers wounded at the battle of Monmouth, Sunday, June 28, 1778, this tablet is erected by the New Jersey Society, Sons of the American Revolution, June 28, 1916."

OPENING OF UTAH'S

Salt Lake City, Utah, June 28.—The Governors of many states of the Union, who are attending their annual conference here, were the guests of honor today at the formal opening of Utah's new State House, a magnificent marble structure recently completed at a cost of \$2,250,000. The principal addresses were delivered by Governor William Spry, who accepted the edifice in behalf of the state, and President Joseph E. Smith, of the Mormon church, who spoke in behalf of the pioneers of Utah.

EASTERN TROOPS

Chicago, June 28.—The first contingent of eastern state troops which have been mustered into the federal service for Mexican duty arrived here tonight over the Nickel Plate line enroute for the border. Within the next few days several thousand others from various states in the eastern department are expected to pass thru this city. The vanguard was composed of the 14th New York infantry regiment which arrived in three trains. They are scheduled to arrive on the border Sunday morning. The men appeared in a cheerful condition.

LUCEY TO SEEK RE-ELECTION.

Chicago, June 28.—Friends of Attorney General Patrick J. Lucey said today that he would decline to run in the Democratic primaries against Governor Dunne but would seek re-election to his present office.

REV. W. C. KNAPP DIES

Bloomington, Ill., June 28.—Rev. William Carter Knapp, aged 83, for half century prominent Methodist Episcopal minister in Central Illinois died at his home here today. He was for a number of years professor at Onarga Seminary and of Hedding College at Abingdon, Ill.

SOCIAL EVENTS

Caritas P. N. G. Club

Has Reunion and Picnic.
Yesterday at the pleasant home of Mrs. Ralph Crabtree in South Jacksonville the Past Noble Grand of Caritas Lodge No. 625 Rebekas enjoyed a reunion and all day picnic. There was no formal program but the day was given up to sociability and general good times. All the ladies brought well filled baskets and at noon a very enjoyable dinner was arranged under the trees and heartily enjoyed by all present. The guests went in the forenoon and remained till late in the afternoon and then adjourned to their several homes well pleased with the day. Those present were Mrs. Gardner and daughter, Mrs. Wallace Brockman and daughter, Mrs. Charles Roberts and son, Mrs. J. W. Lowmilk, Mrs. Arthur Baldwin and son, Mrs. Stewart, Mrs. Mary Finley, Mrs. Harry Hopper, Mrs. T. A. Ebrey, Miss Inez McCullough, Miss Alice Miller, Mrs. Abbe Coffman, Mrs. L. Henderson and son and Mrs. George Hocking.

Class From Naples

Spends Pleasant Picnic
Yesterday morning the class of Miss Beulah Hatfield in the Methodist Episcopal church of Naples enjoyed an automobile ride to the city and a delightful picnic at Nichols park. The young ladies brought ample supplies and had a grand time boating, and roaming over the park. Those present were the teacher, Miss Hatfield, Misses Leila Mappin, Gertie Williams, Eulah Baumgartner, Frances Hatfield, Jeanette Hale, Mary Hamilton, Lottie Campbell, Mildred Thrasher, Mabel Hall, Frieda Meyers and Inez Gerard. The young ladies were indebted to Frank Mappin for the ride.

Family Reunion at

Herbert Henderson Home.
In honor of Ralph Howard and family of Washington, D. C., a company of relatives gathered Wednesday noon at the home of Mr. and Mrs. Herbert Henderson, north of the city, and partook of a plentiful family dinner. Mr. Howard expects to remove his family to Peoria in a short time. Besides the family of Mr. Howard guests at the dinner were Mrs. Elizabeth Howard, Misses Anna and Belle Howard, Miss Ida M. Lee, Miss Mollie Cross and Mr. and Mrs. C. L. DePew and daughter, Marion.

ORPET SUSTAINS ORDEAL, LATTER

(Continued from page one.)
back in his overcoat pocket. Shortly after leaving the woods while entering Sheridan Road, he threw it away, where one of his attorney's agents found it eight days later. This agent reached the spot thru directions from Orpet, and a diagram drawn by him after his arrest.
Mr. Joslyn dealt sarcastically with the "brain storm" which sent the young man flying from the woods, and drove from his memory so many other details but left so accurate an imprint of the position of this bottle. Then he sprung another trap, but witness did not fall into it.
"And what did you do with the other bottle, Mr. Orpet?" he asked in matter of fact tones.
The latter hesitated only a second.
"What other bottle?" he countered.
"The other bottle, Mr. Orpet."
"There was no other bottle," insisted the witness. The lawyer turned on him and shouted, unheeding objections from the defense.
"So you came to comfort her did you. Did you come to comfort her and you brought no comfort, you brought no medicine, you brought no words of tenderness—"
"Objections sustained," insisted Judge Donnelly, and Mr. Joslyn grumblingly subsided.
He will resume tomorrow.

RECEIVE BODY WITH HONORS.

Mexico City, June 28.—The body of General Felix Gomez, who was in command of the Mexicans in the battle with the American troops near Carrizal was received with honors at Saltillo, a public manifestation of regret being held. The interment at Gomez Farias, his birthplace.

CONVINCED REPORTS

ARE ERRONEOUS
Columbus, N. M., June 28.—Military authorities here tonight announced they were convinced that earlier reports that six Mexicans believed to have been the murderers of William Parker and his wife on their ranch southwest of Hachita had been captured and killed were erroneous.

PLAN MOVEMENTS

INDEPENDENT OF RAILROADS
El Paso, Texas, June 28.—Coincident with reports that Carranzista forces have been concentrated with a view to holding the railroads of Chihuahua in the event of hostilities American military authorities here were taking steps today that would render them practically independent of railroads for transportation of troops and supplies.

MASONIC GOLF TOURNAMENT

Chicago, Ill., June 28.—The first Masonic golf tournament ever held in this country was staged on the Harlem links today under the auspices of the new Mystic Golf Association of Cook county. The tournament was a four-men team affair and every contestant was a member of the Masonic fraternity. Lodges in Indiana, Illinois, Iowa and Wisconsin were represented. It is proposed to make the tournament an annual affair.

CARRANZA TO RELEASE U. S. SOLDIERS

(Continued from page one.)

fect without proclamation, stopping virtually all shipments to Mexico. Two of them relating to alleged improper treatment of Mexican citizens require reports either from army officers or from federal civil authorities in California and Arizona before any answer can be made.

The protest dealing with the embargo situation probably could be quickly disposed of. If any reply were made to Mr. Arredondo undoubtedly it would be pointed out that the United States government is not disposed to furnish supplies to a potential enemy.

Mr. Arredondo said tonight he would call attention of the state department to a report just received from the Mexican consul at El Paso that a Mexican boy accompanied by his father on a train bound from Douglas, Ariz., to El Paso had been beaten into insensibility yesterday by two American soldiers and two civilians who boarded the train at Hachita, N. M.

To Submit Charges to Funston.

The consul reported the boy had a toy pistol which excited suspicion. The ambassador also let it be known that he had asked his government for information concerning a report that American troops had crossed the border pursuing bandits near Hachita yesterday. Charges contained in Mr. Arredondo's note that American troops had mistreated a large number of Mexican citizens will be submitted to General Funston so that a report from General Pershing may be obtained.

The department was almost swamped, however, by the accumulated detailed work of getting 100,000 national guardsmen equipped and to the border in the shortest possible time. Reports to the quartermaster general showed that the railroads were meeting the unusual strain upon their facilities in highly satisfactory manner. From manufacturers also satisfactory co-operation is being received, army officials report.

Meeting Every Need of Militia.

Secretary Baker made public today a statement that every need of the national guard as to clothing, equipment and food was being met. It contained also the significant statement that arrangements made would care for the situation in that regard no matter how many troops might be called out.

At the department and great military supply depots officers and their civil crews are working night and day. Huge shipments are being hurried to the state mobilization points in addition to those rushed to the border. From the arsenals trains laden with implements of war, rifles, artillery and ammunition are moving swiftly. Orders for additional machine guns have been placed.

Funston Receives Report.

San Antonio, Texas, June 28.—General Funston tonight received a report from Brigadier General George Bell, Jr., at El Paso which stated General Bell had been notified by Mexican Consul Garcia that the American prisoners taken at Carrizal now are on the way north to Juarez and probably would arrive there tomorrow morning.

According to the report, Consul Garcia had received word from General Jacinto Trevino that the American prisoners with their arms and accoutrements were to be delivered at once to the American authorities. The report was forwarded at once to Washington by General Funston.

There was no indications at headquarters here that Trevino's order for the liberation of the prisoners would affect in any way the movement of National Guardsmen toward the border. There was a feeling among army officers here that the release of the prisoners would not change the situation in any way. There was nothing to indicate clashes in the territory occupied by the American expedition in today's report. General Funston has urged the war department to expedite the transfer of recruits for the regular army from eastern recruiting stations to the border.

Word was received here thru railroad sources that the Missouri troops were to be sent direct to Laredo.

MUSICAL AT NORTHMINSTER

The choir of Northminster church will give a musical program at the church this evening at 8 o'clock. After the musicale, an ice cream social will be held in the lace parlors.

TRAIN HITS AUTO; FIVE DIE

Dubuque, Iowa, June 28.—Mr. and Mrs. Patrick Deer, their two children one six months and the other six years of age, and Peter Howe, all of Darlington, Wis., were instantly killed and A. D. Chapelle of Warren, Ill., was perhaps fatally injured tonight when the automobile in which they were riding was struck on a crossing by a fast east bound Illinois Central passenger train one mile west of Warren, Ill., a small town near here.

CAPT. MOREY REACHES

COLUMBUS
Columbus, N. M., June 28.—Captain Lewis S. Morey of the Tenth Cavalry wounded in the left arm in the clash June 21st, at Carrizal, arrived here today enroute to the army hospital at Fort Bliss, E. Paso, Texas, for treatment. He will leave tomorrow.

SENTENCE DR. LIEBKNECHT

Berlin, June 28.—via Amsterdam to London—Dr. Karl Liebknecht the Socialist leader, was sentenced today to thirty months penal servitude and dismissal from the army for attempted high treason, gross insubordination and resistance to the authorities.

FIRST ILL. INFANTRY LEAVES FOR BORDER

(Continued from page one.)

Hammond and Lawrence D. Smith, both former sergeants in C battery of Chicago.

Tonight there were rumors that many members of the battery would refuse to be mustered into the federal service tomorrow because of the rejection of their old officers, but Captain Redden said he was confident of winning the rebels over to the side of the new officers during the night.

Lieutenant Hammond played on the University of Michigan eleven of which Redden was captain and Lieutenant Smith starred on the Harvard football team.

The appointment of Captain Raymond Sheldon, inspector instructor of the United States army as lieutenant colonel of the second infantry I. N. G., was held up by the war department today in order that Captain Sheldon might help in mustering the third and fourth infantry regiments tomorrow.

Should Reach Border Saturday.

Chicago, June 28.—The quartermaster's department, Central Department, said that the First Illinois Infantry which entrained tonight at Springfield for San Antonio on border service was scheduled to arrive at its destination Saturday night. These troops it was said would probably be the first of either the central or western troops to report to General Funston.

WILL TAKE LAKE TRIP.

Miss Nelle Grant and Miss Maude A. Taylor expect to leave Friday morning for Chicago and after a short stay there will leave for Buffalo, N. Y., by way of the great lakes. On the return, they will remain in Chicago for a visit of several days with friends.

REMOVES FAMILY HERE.

Edward H. Krelling, who recently took a position as pharmacist in Armstrong's East State street drug store, has removed his family from Havana to 124 Hardin avenue.

Just because it tastes like Mother's! That's why ZEPHYR FLOUR bread is the favorite of most men.

All that smacking deliciousness of old fashioned bread can be obtained from the full-flavored richness of ZEPHYR FLOUR. Not a bit of the twangy sweetness of its sun-ripened wheat is lost in the milling of ZEPHYR—the chemist sees to that.

Searching tests made hourly by chemist and baker insure uniformity which guarantees identical baking results from every sack. Using ZEPHYR means good bread at every baking. We selected

ZEPHYR FLOUR

because of its finer flavor and unfailing satisfaction. You'll choose it, too, for the same reason, after you have tried it just once.

OLD JACKSONVILLE

Some Entertainments

By Ensley Moore.

Member Illinois State Historical Society.

The Rev. Charles M. Eames has again placed this column under obligations for programs of old time entertainments, which his father and namesake had saved up. By the way in these days of war threats "columns" are in fashion. Among the programs brief mention will be made of some.

West Jacksonville District School. Robert M. Tunnell—afterwards a Congregational minister—was graduated from Illinois college in the class of 1852. He was principal of the West District School—where the High School now is—in 1858-60. Friday evening, March 30, 1860, the pupils in Mr. Tunnell's room gave an "Exhibition."

Every one of those taking part afterwards became more or less prominent. The speakers in order of declaiming were: Charles M. Eames, Wm. T. ("Tom") Masters, L. B. Glover, Ensley Moore, Julius Engleish, Franc Mitchell, Jno P. Martin, L. W. Chambers, and Eames again. There were two readings of "Our School Gazette," one by Martin and the other by Masters, Charles A. Edgar, Masters and Martin, gave the roaring farce of "The Irishman's Gridiron" and Martin gave an essay, as might have been expected from the editor of the paper. The show was held in third story room of the building, then "Kirby's", and was highly successful.

J. F. A. Exhibitions.

A Junior Exhibition was given at the Academy, Friday evening, April 12, 1861. As a feature of the times, after the invocation came a trio, "How Sleep the Brave", and the exercises were ended by Calisthenics, preceded by a chorus, "Our Country's Flag." Four other musical numbers were given, without the names of the performers.

Misses Annie E. Brown, M. Emma Alderman, Julia S. Graves, J. Estelle Richardson, Sarah W. Billings, and Grace Dummer read essays. The first part of "Our School Gazette" was edited by Miss Alderman and the second part by Miss A. E. Brown.

Miss Graves' subject of essay was "What is going on in the world?" She married the Rev. George S. Bergen, who served in India, as a missionary, for some years, so she probably had part of her question answered.

J. F. A. Again.

Another Academy Junior "Ex." was given, April 1, 1864. Prayer opened, and ended the entertainment in benediction, and Misses A. Warren and M. E. Barnes, A. Trabue, L. M. Colton and L. W. Hockenhuil, K. W. Thompson and L. Bristow, Augusta Mitchell and L. A. Wyckoff and M. A. Runkle gave musical performances. The essayists were:

Miss Alice E. Askew, Timie Bristow, Mary A. Cobbs, Anna F. Hesser, Agnes P. Jones, Jennie M. Marshall, Lizzie J. Retter and E. Jennie White.

Still another Academy Junior was April 7, 1865, opened with prayer, music anthem and closed with benediction. Misses Augusta Mitchell, Kate M. Robb, Mary N. Cross and Mary Neal, Lucy A. and Fannie E. Greene, Mary E. Barnes and Misses Leeper and Bullard furnished the music. The essayists were: Misses Mary E. Barnes, M. Lou Deweese, Emma M. Dunlap, Lucy A. Greene, Emma Prettyman (who was a pretty girl), Kate M. Robb, Carrie H. Ross, Augusta Mitchell, Sarah L. Norris, Almira Trabue, Carrie Trabue and Agnes Warren.

Academy Anniversary.

The Anniversary of the Academy was held June 16, 1865. Prayer and an anthem opened the exercises, which were ended by the benediction. Misses Barnes and Mitchell, Leeper F. Greene and Ripson and an unnamed piano soloist, rendered music.

The essayists were: Misses Alice E. Askew, Timie Bristow, Miss Marshall and Lizzie Retter. Miss Marshall's subject was: "I went in his strength and returned in his glory."

Prof. B. F. Mitchell was Principal 1859-65 inclusive. He was one of the best men ever connected with the school.

Three Other Anniversaries.

Anniversary exercises of the Academy were held June 12, 1867, interspersed with the usual music. The essayists were Misses Minnie E. Barnes, Julia A. Crandall, Kittle L. Eddy, Mary F. Gamble, Jennie M. Hoghton, Lorraine Johnson, Ella C. Little, Mary E. McKinley, Ida V.

Sawyer, Kate W. Thompson, Carrie Trabue, and "Hero Worship" by Mary Williams.

Prof. Gilbert Thayer was Principal, 1865-74, inclusive. June 2, 1875, the Anniversary had music by Miss Ella L. Goltra, Alice M. DeWolf, Logan and Curry, Farrell and Baker and Hattie M. Stelle. The essays were by Misses Eva M. Garroute, Florence M. A. McGee, Alice M. DeWolf. There was an address to the graduating class, presumably by the Principal.

The last program of Academy Anniversaries in this list is that of June 6, 1877. Prof. E. F. Bullard had become Principal in 1874, and continued successfully and well in that position until 1901, when he was succeeded by Dr. John M. Gillette, since connected with the University of North Dakota.

Misses Nettie A. Cheney and Louisa A. Compton, Puss Sims, Eleanor B. Curry, Alice Lathrop, Iona Antie and M. Letitia Baker were the musicians. Where two names are used together it indicates that the numbers were duets. The literary artists were Misses S. Nellie Beckman, Lizzie G. Chase, Eleanor B. Curry, Lillian Emery, Mary A. Farrell, Ida C. Felling, Jennie F. Fisk, Augusta M. Knudson, Hettie J. Patterson, Lizzie E. Smith and Puss Sims. "Awarding of diplomas, Address to the class. Parting hymn, (Arranged by) Prof. H. Bretherick. The Graduating Class." From (including) 1867, the Anniversary Exercises were probably all held in the First Presbyterian church—where the Journal office now is.

Illinois College Dramatic. The Preparatory students of Illinois College were formerly called "Subs", instead of "Preps". Prof. Rufus C. Crampton, of the College Faculty was Principal, in 1863, when the boys asked him to take charge of them for a show. He kindly did so, and was a good trainer, and organizer. He appointed L. B. Glover, Ensley Moore and John A. Bancroft committee of arrangements. In those days the charge for such entertainments was 25 cents. The proceedings were in Strawn's Hall, Thursday evening, June 18, 1863. The participants decided to give their profits to the Ladies Soldiers Aid Society. The ladies helped in making some costumes for the actors. The financial receipts were about \$184, showing an audience of about 800 persons and the ladies received \$82—or thereabouts—for their share.

The following is the program:

DILLON FINISHES TRAINING.

New York, June 28.—Jack Dillon of Indianapolis who is to meet Frank Moran, the Pittsburgh heavy weight, tomorrow night in a ten round fight at Washington Park, Brooklyn, finished his training here today. Dillon will enter the ring weighing about 170 pounds, fully 30 pounds less than Moran's regular ringside weight.

Word was received here that Moran had left his Saratoga training quarters today. He is expected to arrive in this city early tomorrow. He is said to be in prime condition. Opinions as to the outcome of the bout are about equally divided here, although Dillon is a slight favorite.

DAVIS DEFEATS KNOX.

Cleveland, O., June 28.—The entries to the championship singles National clay tennis tournament being held on the courts of the Lakewood Tennis club was narrowed down to four players today when William E. Davis, the San Francisco boy who is a student at the University of Pennsylvania, defeated Walter B. Knox, of the Princeton University varsity team 6-3, 8-6, in the fifth round. The four survivors in the singles are Conrad B. Doyle, of Washington, D. C.; William C. McElroy of Pittsburgh; Charles S. Garland of Pittsburgh and William E. Davis.

Syracuse, N. Y., June 27.—James J. Johnston, manager of Madison Square Garden, and five other men well known in sporting circles in New York city, faced trial in the Federal court here today on a charge of having imported the Johnson-Willard fight films into the United States in violation of the law. They were indicted for bringing representations of the fight thru a photographic method.

PIRATES WIN EIGHTEEN INNING GAME FROM CUBS

ART WILSON'S HOMER GIVES PITTSBURGH WINNING RUN

Score is 3 to 2, the same by which Pirates Win First Game of Double Bill—McConnell Pitches Seventeen Innings for Cubs.

Chicago, June 28.—Art Wilson's home run into the left field bleachers gave Pittsburgh the winning run over Chicago in the National League's longest game of the season today, an eighteen inning affair. The score was 3 to 2, the same by which the Pirates won the first game of the double header. McConnell for the Cubs pitched seventeen innings. He was taken out in the eighteenth after Wilson's homer. He allowed twelve hits, most of them scattered, and had seven strike outs.

Zwilling put the Cubs ahead with a home run in the fourth but the Pirates tied the count when Baird scored from second on Schulz infield out in the eighth. In the eleventh Carey's homer, his fourth hit, gave Pittsburgh the lead and singles by Knabe, Saier and Fischer tied the score again. In the interim between Carey's homer and Wilson's, McConnell allowed only two hits, both singles. Pittsburgh used four pitchers. Miller started and gave way to Schulz, a pinch hitter, after pitching a splendid game for seven innings. Harmon worked for two innings and also quit to let in a batter. Jacobs was pitching in the eleventh, when Zimmerman, running for Knabe, scored the tying run, and was taken out in the thirteenth when he seemed to be wavering. Cooper finished the game in great form. Manager Tinker was forced into the game thru the cramping of his squad and fielded well but fanned for the third out in the eighteenth with Mann on second.

Brilliant pitching by Mannaux staved off a tie in the ninth inning of the first game. Fischer tripped but Mannaux fanned two pinch hitters, Zimmerman and Mann and forced Zeider to ground out.

The Price Increases Next Month

THIS is the last month that you can get a National Twelve for \$1,990.

Next month it will cost you more.

In spite of the fact that the National factory is now one of the largest producers of high-grade cars—and in spite of the fact that they delivered this year more than three times as many cars as during any previous year, it is impossible to continue to sell the National Twelve for \$1,990.

Nor can National quality be reduced even the slightest degree. For, did not hundreds of National Twelve owners buy their cars on National reputation alone?

National Twelves are in daily service in every State in the Union.

Those National Highway Twelve owners will tell you that they never thought it would be possible for such marked improvements to be made.

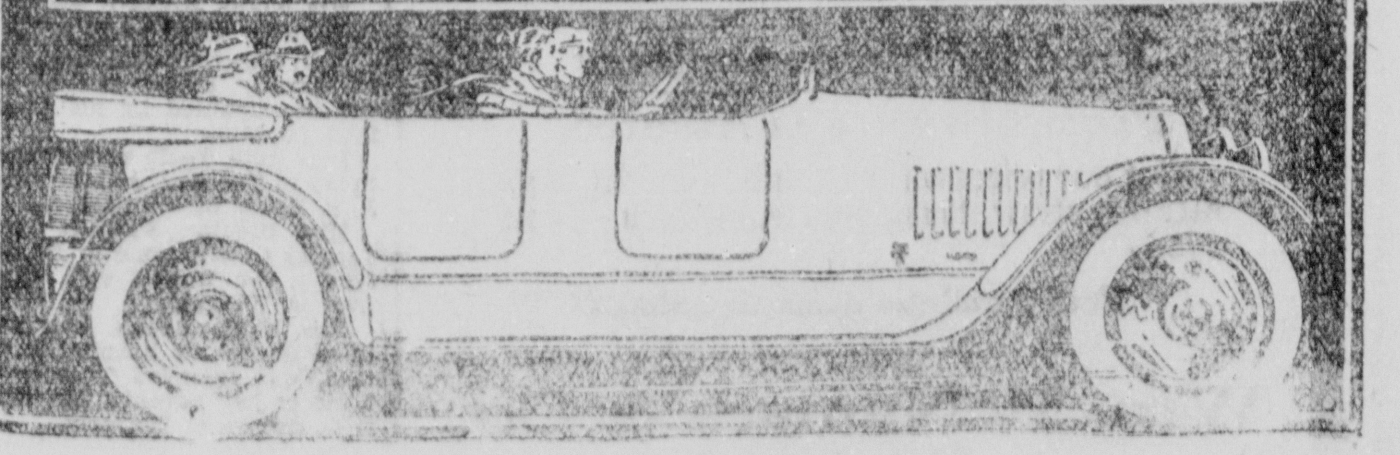

They bought "Highway" Twelves solely on the strength of the National name—when you buy your Twelve, you get not only this guarantee of one of the oldest, most reliable, most successful factories, but in addition you may know that National Twelves are rendering service, pride and pleasure to many of the most discriminating motorists.

National designs and builds its own Twelve-cylinder motors. Soon, motor or parts makers will be turning out twelve-cylinder engines by the tens of thousands, engines patterned after the Twelve pioneers.

Eventually you won't think of anything but the Twelve—but why wait? Why not have the most up-to-date and most efficient car today?

Cet acquainted with the National Highway Twelve. You're cheating yourself every day you put it off. It is America's best looking car.

TO FADE AWAY.

An Expression That Is Not Slang in Parts of England.

Did you ever urge upon some interloper the advisability of "fading away" when you did not wish to employ the brutal frankness that would have ordered him to get out? And do you think the expression originated with "The Chorus Lady"? Whether or not you saw that once popular play, you could not have escaped the expression, blazoned on thousands of billboards: "Fade away! Fade away, quick!" She did not mean that she wanted the man's ruddy cheeks to grow pale nor that he should undergo any other change implied in the meaning of the word "fade." She wanted him to vanish, to betake himself to some other place without argument or ceremony. To use the expression she used is merely American slang, only a little more comprehensive and rational than "skiddoo" or "vamoose," which had hitherto been employed to convey the same meaning.

Around Cornwall, in England, they would take the word "fade" in the sense of "depart" as not at all out of the ordinary. To "fade" means to grow pale or weak, but in Cornwall it also means "to go." Just how it happens to have that meaning the philologists do not agree. It is spelled both "fade" and "vade," and the plausible suggestion has been offered that the word comes from the Latin, the expression "vade mecum," meaning "go with me," having been in common use in the days when a prayer book or a talisman that was supposed to go along with the individual to bring good luck was thus inscribed. The fade dance, in which the dancers go from house to house, has been popular in that corner of England for six centuries.—St. Louis Globe-Democrat.

PREVENTION OF SICKNESS.

It Would Prove a Most Effective Blow Against Poverty.

That sickness is the first step leading to dependency and the primary cause of poverty is shown by an investigation conducted by the Russell Sage foundation in New York city. This investigation was made among wage earners and charity organizations with a view to knowing how frequently sickness encountered as a factor in dependency. It was found that over 35 per cent of those in need of aid had been brought to this position through sickness or the responsibility for sickness. Another important fact revealed was that most of the cases studied belonged to the lower branches of labor and that they were here for the reason that either physical or mental deterioration had followed past illnesses. In other words, sickness was found to be a factor producing a low grade of labor as well as dependency.

Of the 687 cases of sickness studied two-thirds were found at the time of the investigation to have been sick more than half a year, and the physician estimated that 295 cases were chronic, while eighty-one were likely to become progressively worse.

That the prevention of sickness is the most effective blow against poverty and dependency was the recommendation made by the committee making the investigation. Some of the needs to this end were pointed out, as more prompt medical attention, education in hygiene and sanitation, opportunity for periodical medical examinations to prevent sickness and better health conditions both in homes and places of employment.

Queer Coronation Gifts.

One of the most extraordinary gifts made on the coronation day of Edward I. was that of 500 horses which had been used by the royal princes and other personages in the procession to Westminster abbey. These horses, all richly caparisoned and harnessed just as they were, were let loose into the very midst of the mob after the banquet in Westminster hall that always succeeded a coronation in those days. The people in the streets were permitted to catch the animals, and to him who caught a horse it and its appointments belonged.—London Globe.

Bolivia's Llamas.

In Bolivia, one of the highest inhabited countries on the globe—La Paz, the capital, being 12,000 feet above the sea level—much use is made of that graceful and invaluable pack animal the llama, which will travel farther and with even less food than the burro, but will carry more than 150 pounds. The llama in some respects resembles the camel, kneeling in camel fashion to receive its load, and it will not rise if more than 150 pounds are placed on its back; moreover, the weight must be evenly distributed over its back and sides.

STOCKS LOSE MUCH OF GROUND
RECOVERED AT TUESDAY'S SESSION

Trading Is Apathetic Except for the First Hour When Some Semblance of Activity and Firmness Is Maintained.

New York, June 28.—Much of the ground recovered yesterday from Monday's weak market was surrendered today and in some instances more besides. Trading was apathetic except for the first hour, when some semblance of activity and firmness was maintained.

The Mexican situation was again the overshadowing feature, private advices received by banking interests suggesting an early declaration of hostilities. Other developments were encouraging in their implications, but these were ignored in the apprehension created by the paramount issue of the day.

Mexican Petroleum was the only issue of its special class to be seriously affected, recording an extreme loss of 4 at 88¢, making a shrinkage of 17 points in the past fortnight.

Motor stocks the prominent industrial and equipment, as well as munitions with few exceptions, were 1 to 3 points lower on comparatively light offerings, but coppers and shipping issues were firm when not subject to pressure.

Postponement of action on the common dividend of the Pittsburgh, Cincinnati and St. Louis, Panhandle road, carried that stock to a break of five points in the final dealings. Total sales amounted to 345,000 shares.

A further break in marks to 73, a decline of 3½ from the middle of the month, was the significant feature of the exchange market. Bonds were irregular. United States bonds were unchanged on call, but sales of coupon 3s and registered 4s, made a decline of ½¢ per cent respectively.

WHEAT HAS GOOD RECOVERY AFTER
DRAGGING THRU EARLY HOURS

Corn Finishes at an Advance—Sentiment in Oats' Pit Is Generally Bearish.

Chicago, June 28.—Wheat after dragging thru the early hours had a good recovery in the latter trading. The close was steady with July 3½¢ lower, at \$1.00½¢, while September was ¼¢ lower at \$1.04½¢. December finished the day ¼¢ higher at \$1.07½¢. Corn which had dragged with wheat, finished at an advance of from ¼¢ to ½¢ while oats closed from a shade higher to ½¢ lower, with provisions ranging from 5¢ higher for July pork to a decline of 15¢.

Improved harvesting conditions in the southwest with fair yields from Oklahoma threshing contributed to the bearish view of the market. At no time was the trading heavy. Export business continued to concentrate largely on the Canadian grain to the seaboard intimating that there was some inquiry for hard winter wheat. Cash sales were 20,000 bushels of wheat, 120,000 bushels of corn, including 50,000 bushels to exports and 175,000 bushels of oats.

Corn was sold heavily early in the day and prices which had been forced down reacted when the pressure was removed touching the highest point in the last hour. Demand for July and September which developed forced early sellers to cover. Sentiment in the oats pit was generally bearish with good crop reports and a notably large available stock. Export houses accumulated supplies of July while commission houses sold the near month and invested in the September delivery.

Provisions were active at a lower average. Shipments of meat were large and lard and ribs were disposed of in considerable amounts. There was expectation of heavy buying by the government for army use. Lower prices on live hogs were reflected in the provision prices all of which with the exception of July pork closed at a decline.

Five Facts You Should Know

- (1) That disease is the result of a disordered condition.
- (2) That when we correct the disordered condition, we eliminate the disease.
- (3) That the blood is the carrier of poisons throughout the body.
- (4) That to successfully treat any disease originating in the blood, we have to treat the blood, as the cause.
- (5) That S. S. S. is the most reliable remedy for removing impurities from the blood.

S. S. S. is no experiment of today, but is a successful remedy for the blood that has been a blessing to thousands of sufferers for the last fifty years. There is nothing mysterious about S. S. S. It is an extract from native herbs, roots and bark, each known for its peculiar medicinal value. These ingredients combine and act in a beneficial and helpful way with nature. It doesn't matter whether your case of blood trouble is one of the many forms of Rheumatism, or Catarrh, Scrofula, Contagious Blood Poison, chronic skin trouble, or any other form of blood trouble. S. S. S. will go directly to the seat of the trouble; giving the blood a thorough cleansing, driving out the impurities in a natural way, and leaving the blood pure and refreshed, ready to do its full duty in building the tissues up to a normal and healthy state. Begin today on a bottle of S. S. S. and note how soon you will begin to feel relief. We will gladly give special advice and free consultation. If you are in doubt about the nature of your case, write Medical Department, Room 73, THE SWIFT SPECIFIC COMPANY, ATLANTA, GEORGIA.

ASSOCIATED PRESS CORRESPONDENCE

Peking, June—China has been much stirred by the action of the government on May 12 in suspending special payment on the notes of the Bank of China and the Bank of Communications, the two government institutions having branches throughout the principal cities of China.

Recently there was a great rush to withdraw funds from these banks because of charges made by the enemies of the government that the late Yuan Shi-kai administration was utilizing the bank's funds to maintain itself. Furthermore the recent high price of silver has caused much speculation in the white metal, and resulted in its transfer and exportation.

Tien-tsin has been a great center for politicians out of sympathy with the present government, and it was there that the rush to withdraw funds from the Bank of Communications first began on a large scale. It soon became apparent that the limited reserves would not stand the drain, and Premier Tuan Chi-jui and his cabinet declared a limited moratorium. The moratorium does not extend to individuals, but merely to the financial affairs of the government. It provides that the government banks shall not redeem their notes in hard money, and shall not permit the depositors to withdraw their funds from the banks.

With the suspension of specie payment on the notes of the two banks, business in Peking came to a sudden halt. The cabinet mandate provided that all persons must accept the notes of the two banks at their face value or undergo severe punishment. Soldiers and policemen have been stationed in the various parts of the city to enforce this order in shops.

Nevertheless, merchants have found means of evading the order. Nearly all prices in the city have been raised, and when merchants feel that payment will be made in Chinese bank notes, they frequently advance their prices to a point that is prohibitive in order to avoid sales.

Peking, in fact, threatened with famine as a result of the partial moratorium, for farmers and produce dealers will not bring their products to Peking, as they do not desire to be paid in the depreciated paper bank notes of the two government financial institutions.

Grains and all sorts of vegetables are getting very scarce, and the Chinese Chamber of Commerce and local grain merchants have petitioned the government urging it to devise means to relieve the situation. There is a plan on foot to establish official granaries and depots in which all sorts of food stuffs will be handled by the government for sale at normal prices. All sorts of food stuff have advanced in price from 20 to 40 per cent.

One of the worst features of the limited moratorium, is the criticism directed at foreigners by the vernacular press. Many of the Chinese newspapers are declaring that foreigners have brought up all the silver and gold in China, and are responsible for the depreciation of the notes of the Bank of China and the Bank of Communications. Posters making this announcement have been posted on many of the dead walls in Peking, and Chinese papers are encouraging the populace in this belief. Foreigners are already beginning to feel the unfriendly attitude of the masses, who have accepted the statements of unreliable papers and are quite willing to believe that Europeans, rather than Chinese officials, are responsible for the present financial conditions in China.

Discovery Forces Hair to Grow

You Actually See and Measure the Wonderful Results of the New Discovery, "Vola-Vita."

There is no hair discovery which has ever produced such remarkable results as Vola-Vita. This is the new principal hair remedy, which has solved the problem of growing hair, stopping hair from falling, restoring original color to any hair in a natural way without a dye, and stopping dandruff. Vola-Vita contains no alcohol whatever.

"Vola-Vita Positively Stops Your Hair from Falling out and Compels It to Grow—One Trial Proves It!"

It is now being discovered that hair consists of five principal elements. When any of these is missing, the hair begins to fall, dandruff, grayness and baldness follow. When the missing elements are restored, hair begins to grow again, and its real color returns.

This has never before been accomplished. It is now done positively and definitely by the new hair discovery, Vola-Vita.

This remarkable hair grower restores the missing elements to hair. That is why in a short time by its use, hair is actually grown on heads that have been bald for years. Vola-Vita compels hair to grow luxuriantly, fills out bald, thin spots. Dandruff will positively disappear, itching and falling of hair absolutely stop.

No matter what was the original color of your hair, whether red, brown, black or other shade, Vola-Vita will bring gray, faded or bleached hair back to its original color. Vola-Vita is not a dye, it contains no alcohol to dry up the natural secretions of the hair. It is different from any other hair treatment known. You will see its results soon after you begin to use it.

Start today. Satisfaction guaranteed.

Vola-Vita is sold by all druggists at 25¢ a bottle, or sent direct on receipt of price by Vola-Vita Mfg. Co., Chicago.

Paris, June—Under the new income tax, 336,000 persons have made declarations but only 163,107 of them were of amounts that exceed the exempt limit. The total of the revenues declared was 2,349,000,000 francs and with all deductions made for family dependents, etc., the two per cent on the taxable portion of the incomes declared will be only about 22 million francs. It was estimated when the law was enacted that it would produce about forty million francs revenue to the state.

By categories the taxable incomes declared were:

5,000 to 10,000 francs	76,825
10,000 to 15,000 francs	38,123
15,000 to 20,000 francs	16,939
20,000 to 25,000 francs	9,155
more than 25,000 francs	22,010

M. Ribot, Minister of Finance, in his new financial scheme proposes to increase the tax from two to five per cent which would bring the revenue up to about 55,000,000 francs on the declared incomes. There is no basis for approximating the additional amount that will be derived from the arbitrary taxation of persons who have neglected to declare their incomes.

From M. Ribot's expose of results to the appropriations committee of the chamber, it appears that ninety per cent of the total income tax will be paid by only 60,000 persons, or 1 1/2 per cent of the population; one per cent, only, of the population will pay eighty-five per cent of the tax.

JOHN LINES, SOAP VENDOR OUT FOR EASY MONEY

"Ling Hu Tum" Chinese Cosmetic Proves to be Ordinary Ivory.

John Lines, the name is really a misnomer—was arrested by the police Wednesday afternoon on the charge probably of working a bunko game. Lines was in the west end of town plying his trade on West Lafayette avenue. He had a small cake of soap which he styled "Ling Hu Tum," Chinese complexion restorer. The regular price was, according to Lines, no dollar. Owing to his interest in the complexion of the human race he was retailing it at twenty-five cents a cake.

When Lines was taken to the station Chief Davis examined a cake of the Complexion soap and found that it was about a tenth of a cake of Ivory soap. Lines seemed to have had good luck and demonstrated the old saying that "There's a sucker born every minute."

Chief Davis locked Lines in the city prison. It is probable that he will not be prosecuted but will be turned loose and given hours to leave town.

Admiral H. T. Mayo, New Head of Atlantic Fleet.

When Vice Admiral Henry T. Mayo was appointed to succeed Admiral Frank F. Fletcher as commander of the Atlantic fleet he was advanced to the rank of admiral. Admiral Fletcher had served longer than fleet commanders usually serve.

Admiral Mayo made an excellent record while commandant of the Mare Island navy yard. When Secretary Daniels was looking for an aid for personnel Admiral Mayo, then a captain, was at Mare Island, and the secretary was advised to choose him.

Admiral Mayo is the officer who precipitated the ruction with the late Victoriano Huerta, one time president of Mexico, demanding that the Mexican garrison at Tampico salute the American flag following the arrest of sailors and marines who had gone ashore on a legitimate errand from the United States fleet. The occupation of Vera Cruz and the banishment of Huerta resulted.

A native of Vermont, Admiral Mayo was born in 1856 and was appointed to the Naval Academy in 1872. He had active service during the Spanish war on the Bennington and later on the Independence. He reached the grade of captain in 1908, served at the naval war college at Newport in 1913 and took command of the First division of the Atlantic fleet in December of that year.

New Head of West Point.
Colonel John Biddle, who has just been appointed superintendent of the Military Academy at West Point, is considered one of the ablest officers of the engineer corps. He will succeed Colonel C. P. Townsley on July 1.

At the time of his appointment Colonel Biddle was stationed at Baltimore, where he was in charge of river and harbor improvements for the Maryland district. He recently completed

COLONEL JOHN BIDDLE

survey and plans for the improvement of the channel approaches to Baltimore harbor.

In Washington military and civic circles Colonel Biddle is widely known, as he served as engineer-commissioner in charge of the public works of the national capital from 1901 to 1907. He was largely instrumental in bringing about the elimination of grade crossings in the District of Columbia, a project that resulted in the erection of the new Union station. In other ways he helped in the development of the capital. He also had charge of the river and harbor work at San Francisco, where he was occupied for several years.

A native of Detroit, Colonel Biddle was born in February, 1859. He was graduated from West Point in 1881 and commissioned in the engineer corps. He reached the grade of captain in 1892 and became a colonel in 1911. During the Spanish war he was chief engineer of United States volunteers. He has served in the Philippines, Porto Rico and Cuba and has an enviable record in the war department for engineering feats during the campaigns on those islands.

AN OIL SHAMPOO THAT PRESERVES THE HAIR

If men would use EVERY WEEK ANTI-SEPTIC OIL SHAMPOO instead of the alkali shampoos and soaps which are so commonly used, they would preserve their hair rather than invite baldness. EVERY WEEK SHAMPOO dissolves and removes the dandruff (dry or oily), opens the hair cells, feeds and strengthens the famished roots and leaves the hair clean, soft, fluffy, silky and the scalp healthy. A weekly application keeps the scalp clean, healthy and the hair in excellent condition.

The perfect shampoo for men, women and children. A large bottle (64 teaspoonfuls) 50c at Lee P. Allcott, Armstrong's Drug Store, Clarence L. DePew, J. A. Guermeyer and son and leading stores everywhere.

High School Principal Now at University

T. W. Callihan.

Mr. T. W. Callihan of Galesburg, who was recently selected principal of the Jacksonville high school, is now at the University of Chicago taking some special work. Mr. Cal-

lihan has a M. A. degree from Knox college and the graduate work he is now doing at the University of Chicago is towards a Ph. D. degree. He has had seven years teaching experience, for one year he was principal of the Avon high school and the past six years has been head of the department of mathematics in the Galesburg high school. There are six teachers in this department.

In connection with his teaching duties, Mr. Callihan has been the director of athletics in the Galesburg high school and his record as teacher and director have both been exceptional. In the athletic association all expenses have been cared for except a part of the cost of uniforms, and each year has been closed with a small balance in the treasury.

The work that Mr. Callihan is doing in Chicago towards this degree is directly along administrative lines and so is applicable to high school work. His recommendations to the local board of education were of the strongest kind, and the management of the Galesburg school regretted to lose him from their staff, altho they recognized that for Mr. Callihan's own advancement it was better for him to take a principalship than to continue in the position he held there.

GENERAL DICKSON EXPLAINS RECENT MOBILIZATION ORDER

Fifth and Sixth Regiments Omitted Because They do not Meet Government Requirements—Recruiting Work Pushed on Hope that Order Will be Changed.

In an interview published in the Decatur Review, Adjutant General Frank S. Dickson has fully explained why the 5th regiment, of which company B, of this city is a member, was not included in the mobilization order. A government ruling is that a company of state militia which is short two companies shall not be recognized as a regiment constituting a federal military unit. For some months the 5th regiment has been short two companies and altho new companies were being recruited in Springfield and Peoria to fill the vacancy, this work had not been completed and the company record at Washington therefore shows that the regiment is not in proper form for government recognition. The same condition applies to the 6th regiment. Correspondence has been going on for a number of weeks between the governor's office, the adjutant general's office and Washington in an effort to have the eight regiments of the Illinois national guard instead of six recognized. An inspection some time since by government officials also showed that certain companies of the 5th and 6th regiments were not up to the number of sixty-five and this fact also was taken into consideration when the mobilization order came. For days past, acting under the adjutant general's orders, officers of the various companies in the 5th and 6th regiments have made strenuous efforts to secure recruits, and General Dickson's expectation is that at no very distant day the 5th and 6th can be included in the mobilization order. A more detailed statement of the facts is contained in the following interview from General Dickson taken from the Decatur Review.

Must Pass Inspection.
"Every effort is being brought to bear upon the whipping of the fifth and sixth regiments into shape for another government inspection and consequent approval, after which both will be called at the order of the war department, and go thru the routine of inspection, examination and mustering in for service. If it is found impossible to complete this work before the Illinois troops are ordered to the border, it is likely that companies of both regiments will be summoned to Camp Dunne to fill up regiments already there, which will be left depleted by the physical inspection and mustering out of men in the ranks and the possible release of a married men, a possibility now talked of in official circles.

"The militia complication which mobilization order just received to government methods thruout the state, arose with the first order to mobilize troops issued by the war department to Governor Dunne which demanded the ordering out of 'The six regiments of the Illinois National Guard for immediate duty.'

Would Not Change Order
"Following a conference with General Dickson, the governor wired back to heads of the war department, asking that they amplify the mobilization order just received to read 'The eight regiments of the I. N. G.' which then made up the state guard quota. A second message stated that the department had no authority to amplify its original order and for state authorities to act upon the original at once. Officials, in going over the state records, found that the Sixth was the weakest body in the state, as it was passing thru a period of transition, thus the state order was issued including only the six regiments named in government demands.

"Illinois officers knew this procedure to be both logical and necessary, in accordance with government demands, and felt as well that it was the fairest method to call out the six strongest regiments.

Fifth Short Two Companies
"By a law known to army men as Circular No. 8, issued in 1913, it is prescribed that any militia regiment short two companies for a certain length of time shall cease to be recognized by the government as a state

military unit until such time as the companies are renewed, the regiment is brought up to standard and has passed national inspection.

"At the time the mobilization order was issued the war department pointed out that the Fifth regiment was and had been short two companies for more than six months, in answer to the insistent demands for explanation on the part of Illinois officers. The companies were C and H, and altho two new companies were forming at Peoria and Springfield respectively to fill the quota, the government did not recognize the Fifth as continuing in existence as a federal military unit.

The Washington Record.
"The change of cities for company headquarters was being made for the good of the regiment, Peoria having promised a new armory and Springfield being equipped already with the arsenal.

"In a letter from A. L. Mills, U. S. brigadier general and chief of the division of militia affairs, to General Dickson, written April 29, the following statement is carried inent the question: 'Records of this office show that the Fifth Regiment I. N. G. has consisted of less than the number of companies prescribed for six months and is therefore considered permanently abandoned and no longer recognized by the war department as part of the organized militia.'

Re-Inspection Asked
"In a letter written May 22 by General Dickson and endorsed by Colonel Lewis, in charge of the mustering in of state troops to government service, and of Governor Dunne, the general pleaded with the war department until two new companies were found not recruited to sixty-five and, following another inspection, the government could not recognize the regiment.

"With the endorsement of Colonel Lewis, chief U. S. army officer now identified with Illinois affairs, an inspection has been asked for, and everywhere company officers have been ordered to recruit to the limit. Thus it is hoped that in a short time the regiment will be ready for a new government baptism and to answer the call to the border. Work of like nature is going forward in the Sixth.

"There has been no politics mixed in this," stated General Dickson, positively. "We can only obey orders and take all possible steps to bring both regiments into action with the other state troops for the good of Illinois and the nation."

\$462,028 VERDICT RENDERED AGAINST INSURANCE FIRMS

Three-Year Struggle of Vandalia, Ill., Company Ends in Record Decision.

A verdict for \$462,028.32 was awarded the Ford Manufacturing Company of Vandalia, Ill., in the Circuit Court of Lincoln county, Mo., at Troy. The verdict, which was rendered against forty-five insurance companies, and was returned before Circuit Judge Woolfork, is said to be the largest single verdict ever rendered in an insurance controversy.

It ends a three-year struggle between the Ford Company and the insurance concerns of the country. To date the Ford concern has recovered judgments amounting to \$575,000. The company manufactures roofing materials. On March 16, 1913, its plant burned to the ground. The total insurance on the property was \$647,000, while the loss was appraised at \$800,000. The insurance concerns refused to settle and suits were brought in various counties in Illinois and Missouri. The Missouri Supreme Court finally ordered that forty-five suits brought in Missouri be "lumped." The verdict yesterday was the result of the trial of these "lumped" cases.

A black and white line drawing of a man in profile, facing left. He is wearing a suit jacket, a vest, a shirt with a tie, and a fedora-style hat with a dark band. He is holding a large, detailed shoe in his right hand. The shoe is a lace-up oxford with a decorative brogue toe. The man's left hand is on his hip. The drawing is done in a simple, clean line-art style.

A black and white illustration of a man in a suit and tie, sitting and reading a newspaper. The illustration is framed within a circular border. The man is looking down at the paper, and the background behind him is a dark, textured circle.

GOLF clubs, bags and balls

This block contains three separate illustrations. On the left is a rectangular rug with a textured, possibly shag or pile, surface. In the center is a wooden vanity with a large, oval mirror mounted on a decorative frame above a cabinet with drawers. On the right is a wooden refrigerator with its doors open, revealing interior shelves and compartments. Below the refrigerator is the text "GIBSON REFRIGERATORS".

A detailed black and white illustration of a vintage baby carriage. It features a large, ornate canopy with a decorative fringe along the top edge. The carriage has a sturdy metal frame and large, spoked wheels. A prominent circular logo with the letters 'C.V.C.' is visible on the front wheel. A long, curved handle extends from the back of the carriage for pushing.
